MUMBAI TOP DOCS 2012

An **IMPACT** Presentation

Inter-Novation Inc is pleased to present the second annual list of Mumbai's Top Docs. This list was derived on the basis of a peer survey of consultant doctors across Mumbai. These peer nominated doctors were then required to fill out a profile on our website www.mumbaitopdocs.com. This profile was then reviewed by the physician and non physician staff of Inter-Novation and a final list prepared which includes 160 doctors in 45 clinical specialties.

THE SELECTION PROCESS:

When we select these doctors, Inter-Novation's doctor led and managed team uses a multi step process. This includes an extensive peer survey of fellow consultant doctors in the metropolitan Mumbai area. This anonymous email based was given to several thousand doctors early 2012.

In addition, in person contact with several key physicians and non physicians was done, including talking with leading consultants as well as those selected in past year; head of departments of major clinical departments in the academic and private hospitals across Mumbai. The doctors selected are then asked to fill out a professional biography form on our site www.mumbaitopdocs.com and provide additional information to be posted on the site. Doctors cannot and do not pay to be selected as a Top Doctor. However, a selected doctor maybe removed from the list if they so desire or are not nominated by their peers in subsequent years. Exclusion from the list does not imply that the doctor provides care that is inferior to the care provided by these selected doctors, nor does Inter-Novation recommend these selected doctors for care.
